

*Anatomy and Physiology II*  
*SCHEDULE – Fall 2023 – NSCC – Bio 212 O02*

**Exam Administration** - Exams are administered on Blackboard and are proctored by the NSCC Testing Center. Exams are available during regular hours of operation of the testing center.

**Register Blast** – The student must register to take all exams with the testing center in a timely manner using the [Registerblast](#) website. Do this at least a week in advance of any exam date.

**Exam Availability** - Note that exams are available for TWO days from the start dates below. For example, your first exam is scheduled for September 18 (Mon); therefore, the exam will be available from September 18 – 19.

**Testing Center Hours** – Click [HERE](#) to view the “Zoom Testing” and “On Campus Testing” hours.
